Subject: ID proof for voting at Elections.

Whoever receives this email,

I ask you to please pass on my request to the Parliament to retain the current requirement for voters to provide proof of identity before casting their vote at an Election.

I don't understand why there is a need to delete this. Proof of identity is widely accepted by the community, and is needed to ensure the integrity of the electoral system, otherwise there can easily be voter fraud.

Thanks you for attending to this request.
