Subject: Electoral and Other Legislation Amendment Bill 2015
Date: Thursday, 9 April 2015 12:57:39 PM

It has come to my attention that this bill was quietly pushed through parliament just before the Easter Break.

This is totally unacceptable to me as an Queensland Voter, as the only thing that can come as a result of these change is voter fraud. You cannot drive without ID, or get any important paperwork done, so why would it be OK for anyone to go to a polling booth and claim to be someone without having to show proof. What is the Labor party trying to achieve with this legislation????

I would like my objection to to this noted
