To Whom It May Concern,

Please keep the current process whereby voters have to provide proof of their identity before they vote in elections.

This process is widely accepted and wanted by the community and we need it to make sure we are minimising the possibility of voter fraud.

I do not want Queensland to possibly become like other parts of the world where elections are rigged, results falsified and to me, this is where we could end up if this is just the start.

Regards,

Andrea O'Rourke
