Normally I don't get involved in what happens in politics however I am so concerned with this amendment bill that I am forced to take action.

My concern is about the attempt to weaken the integrity of the electoral system. I was very pleased when we were asked to provide proof of ID. when voting as it strengthen my confidence in the electoral system. I am at a loss to understand why one of the first things a newly elected government wants to do is to undermine the integrity of the electoral system. This is simply a bad change. Therefore I am seeking that the proposed changes regarding not requiring proof of ID. be withdrawn.
