---

To Qld Labour Govt. and all Parliament Members,

We are very concerned re your decision regarding voter proof of identity, and believe the **current requirement for all voters to provide proof of their identity before casting their vote should definitely be retained.**

This requirement is **widely accepted by the community**, and is **definitely needed to minimise the possibility of voter fraud, thus ensuring the integrity of the electoral system.**

**Ensuring the integrity of votes is exactly why proof of identity was introduced in the first place,**

and we can't help wondering if the current Qld Government is hoping to increase its apparent support by allowing this change.

Yours faithfully,  
W.S. and M. Webb.
