Subject: ID for voters
Date: Thursday, 9 April 2015 10:15:06 PM

I understand that the labour government wishes to remove the requirement for ID when voting in federal and state elections. I strongly support the use of ID when attending the polling stations. ID is required in many instances these days including picking up a parcel from the Post office. Something as important as voting should surely require the same level of security. Please reconsider

Regards
Sheila Harrison
