Subject: Electoral and Other Legislation Amendment Bill 2015
Date: Thursday, 9 April 2015 10:40:51 PM

Good Evening,

I would like to submit an objection to the proposed legislation to remove voter proof of identity requirements for state and local elections.

I note that when talking to electoral gift disclosure scheme you are seeking key measures for ensuring the public can have confidence in the accountability, transparency and integrity of the electoral gift disclosure regime,

In the second phase of the bill it is proposed to remove the requirement for voter proof of identity which in my mind significantly reduces my confidence in the accountability, transparency and integrity of the voting system.

There is no greater honour than to vote for your elected representatives and I would hate that process to be open to abuse which I believe it could be if this part of the legislation is enacted.
