To Whom it May Concern

I wish raise my concern that it is proposed to amend the Electoral Act with reference to Proof of Identity before casting a vote at a State or Local Government Election.

We are required to provide proof of identity for many aspects of life now even collecting some mail and airline tickets etc - to avoid fraud - having proof of identity for the right to vote is paramount.

There is no sound reason in my mind for the deletion of this requirement. It is accepted by the public and appreciated that safe guards are in place. I humbly request that it be kept as is.

Yours Faithfully ,
