Dear Sir,

I am writing to you about a change planned in our law which I believe will massively reduce the integrity of our voting system.

I request that you retain the current requirement for voters to provide proof of their identity BEFORE casting their vote.

This requirement is widely accepted by the community and is needed to ensure the integrity of the electoral system by minimising the possibility of voter fraud from all political parties.

This is one of our sacred freedoms, the right to vote in free and fair elections.

The system must be above reproach by keeping voter proof of identity at all our Queensland elections.

Yours sincerely

Marion Harris
