The above proposed Bill has come to my attention. I would like to state my strong opinion that voters should provide proof of identity BEFORE voting. Please DO NOT do away with this democratic check for our society. How else can we prevent illegalities and uphold our communal integrity?

Also, something so important should at least have had a good public airing so people can be informed of what the government we elected is doing. Thank you that my correspondence will be treated with respect and diligently noted and heeded.

Yours sincerely,

Vean Atcheson
