As a resident and voter in the recent State Election, I regard the presentation of ID prior to voting as an essential aid to preventing election fraud. It is hardly intrusive and the need to prevent any person from voting multiple times in the same election should be of paramount concern. Voting early and voting often should not be an election possibility. My choice would be for photo ID to make doubly sure that the voter is who they say they are.

Please keep the voter ID requirement.

Yours sincerely
