Subject: "Electoral and Other Legislation Amendment Bill 2015" Please do NOT REMOVE 'ID check' for voting

**The Secretary,
Legal Affairs and Community Safety Committee.**

INQUIRY “Electoral and Other Legislation Amendment Bill 2015”

As a long time resident of Queensland where I was born, I ask that you without doubt retain the current requirement for voters to provide clear proof of their identity before casting a vote.

It has long been a sad joke that lack of ID allowed fraudulent voting for unscrupulous politicians.

The introduction of proof of ID at elections was seen as a ray of light by many here.

This sensible SECURITY requirement is widely accepted by all honest members of the QLD community.

It is beyond comprehension that ANY political party - state or federal - would want to remove the need for voters to prove their identity at elections.

Would you please acknowledge your receipt of this submission.

Yours sincerely,

J.E.G. Pickering
