I am an ex-American and the laws you are proposing are reprehensible to any democratic thinker. It is not accident that many of these 'id' laws attempted to be passed by right wing extremists in the US have been thrown out by a very conservative Supreme Court. They are anti-democratic and the only reason for bringing them in is to disenfranchise voters that you believe may not vote for you. This is not a democratic way to win votes. Please don't go down this road.
