Subject: IProposed ID requirements at polling booths
Date: Thursday, 16 January 2014 8:33:05 AM

This would just make polling days horrific. As if they are not ridiculous already with the multiple candidates to vote for in the Senate. Everybody is entirely fed up with this system, and its need for streamlining. Proof of ID would really compound this and would discriminate against those already mentioned. Elderly, aboriginals, etc. etc.
