I am writing to express my concern regarding the proposed amendments to the electoral reform bill . I view these proposed changes as not only unconstitutional but as discriminatory in essence. These laws are unnecessary and simply aim to exclude minority populations from the electoral process.

I have yet to see any evidence of voter fraud that would in anyway justify even the proposal of such amendments .

I am very disturbed by the way my countries democratic foundations are being assaulted.

I stringently oppose the amendments and would like my opposition noted by the parliament.
