---

I cannot understand the supposed requirement to change the eligibility regulations for the forth coming election, and that includes Redcliffe.

I also wish to object to the unfair regulations, almost Nazi like, that have been laid out on persons who a few months ago were legally permitted to ride a motorcycle and to associate and now may not have a beer with their mates.

If these folk were so reprehensible, why the hell were they permitted to build up to such a social challenge?

Jim Marshall
