No, I live on a indigenous community in nth. Qld.and we've had restrictions and conditions before our parents were born and their still in place we or our children have not got a say in what's good for them or their future there's a lot more but this should do for now.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes.please read the section above.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

When I was a young boy of about 5yrs.of age my myself and two of my younger sisters and the other families from our indigenous community slept on the watch house floor next to people who were incarcerated for the night because we at that time we weren't allowed in motels the next day the police escorts led us through the streets to do our shopping then back to the old wooden boat to our community.
