Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Human rights are not properly protected because they have not been incorporated into Queensland legislation.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Of course, it makes sense to know formally the rights each and every one of us must and should aspire to.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Those of us who are different, be it physically, mentally, emotionally, culturally, sexually or in any other way are often treated as having no value and certainly having no rights. This should be addressed via a Human Rights Act. Come to think of it we may need an Animal Rights Act as well.
