**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No I do not. As there is no same sex marriage, no freedom of speech among other problems, there is an imperfect protection of human rights.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

I would like to see Queensland adopt Human Rights Legislation so that all people in this state have equal rights, be they LGBT, Indigenous, refugee, or white male Caucasian.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

A relative of mine is LGBT and civil partnerships do not go far enough. Freedom of speech is beyond important. The recent case of #LetThemStay is proof of this. Corruption hides in silence.
