Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Human rights in Queensland are only inadequately protected in the current situation

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes if Queenslanders' human rights are protected by law then those who are not treated fairly, or with dignity, equality and respect will have a way to correct the injustice

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I can not think of any personal examples but as a lesbian woman I would like the right to challenge discrimination if I should be affected by it in circumstances such as sharing a legacy from superannuation with a same-sex partner or the right for my same sex partner to be involved in making decisions about my care or end of life should I be unable to make these decisions for myself
