**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

NO. These ridiculous anti-cannabis laws mean that the whole of the judicial system is compromised. When common sense and scientific evidence are discarded to allow fanatical laws, badlaws, morally insupportable laws based on lies and propaganda to ruin innocent people and murder the sick by proxy, then I am sorely aggrieved.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

YES. As long as it helps to repeal these amoral anti-cannabis laws. Everything of consequence stems from the mindset that enables these sort of laws.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

The daily arrest of innocent people for smoking, growing and giving away cannabis ruins life for those affected and for those who allow such laws to continue.
