**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

Not yet. Without a proper legal framework set in place to assure a certain level of human rights, protected by the courts, we are not properly protected.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes. It's like insurance, you don't need it on a good day, but it's terrible if you don't on a bad one.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

As a woman I am acutely aware that without proper legal frameworks for equality people will fall through the cracks. Just as it has in matters of sex, race, religion, and refugee status.
