Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. Some people are very vulnerable & marginalised by the community & therefore they are not considered as worthwhile & their human rights are trampled on. Those with louder voices & more money get heard.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

In some ways, yes. I want vulnerable people to be valued as humans & to have access to the "good life". In some ways, no. Rights come with responsibilities & must also come with a collective/community spirit, not just of an individualistic nature only.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

People with a disability being forced to live with other people they don't know, or with other people who are hurting them.
