**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No. We have no human rights charter for our state so our rights are clearly not properly protected.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes. We need proper legislated protection of all of our human rights.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

Nothing specifically related to my life, but with more and more issues presenting us in day to day life, such as government legislated environmental destruction (e.g the Adani coal mine project), the attacks on renewable energy by federal government, deplorable immigration policies, a massive budget deficit and more, we need our basic rights like freedom of speech, legally protected more than ever. We need to ensure all Australians feel safe and protected and that they can have their voices heard on issues that concern them.
