Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. Because several minority groups are unable to have their voices heard, and rights protected.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes. To provide justice to those who are unable to obtain justice at the present time.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Children and young people are not yet able to be effectively protected from family violence. The same is true for women. People with disability are still unable to gain access to services that the rest of us take for granted. We continue to hear stories of elder abuse by carers and by the elder care facilities in our community.
