Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No! History says it all.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes - To balance the activities of the counter terrorism legislation somewhat. However, let's not forget that responsibilities come with "rights" - e.g. obligation of refugees to fully integrate their entire families (especially women). Refer German legislation now being drafted.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Fortunately, not at this moment. I have not ticked "cultural rights of ethnic and religious minorities" simply because I think those rights need to be balanced with the responsibility to fully integrate into our mainstream society.
