Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

If human rights are not covered by law than it is not possible for them to be properly protected in QLD. I believe the anti association laws prove this as fact

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Modern world is controlled by law, without laws people will always take advantage of others. Human rights need to be controlled by law to prevent those with power from taking advantage of those unable to protect themselves. It is up to our governments to insure every one is safe from any and all abuse

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

There have been a number of issues in recent years however the anti association laws would be the most obvious
