**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

if the VLAD laws were enacted folk were obviously not able to associate with friends, despite not actually having committed a crime -just a suspicion by association. This is dangerous territory to be in as situations could reverse and it could become illegal to be an activist 'greenie'

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Most countries in the the Western world have one and this is a safeguard against possible extreme government laws

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

*Respondent skipped this question*
