Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No because we don't have a human rights act.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, i do. The State government would not be able to do things such as make laws about freedom off association (bikers being jailed if more than 3 were gathered). The State government would not be able to penalise public servants for voicing personal opinions outside work on social media. The Statement Government, mainly the previous LNP Cameron replace all members of a Public Crime and Ethics Committee with their own chosen replacements.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

My girlfriend who is a public servant had her pay docked because she put something on Facebook. The woman from Zillmere who was assaulted at her home by Police using unnecessary force had her human rights infringed upon on the basis of race.
