Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. Currently trans people are not protected at a basic level and suffer huge injustices daily and especially in regards to right to basics such as appropriate health care, employment and housing.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes - everyone should be protected fully under the law regardless of who they are.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

There is virtually no access to basic affordable healthcare for trans people in Queensland and services that do exist remain unfunded. As well as this they are rejected for housing and employment.
