Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Yes. We are covered under Australian Law, and I do not believe we should divide our Legislation any further than it already is.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

No. We are covered by the Legislation of Australia, our Country. Queensland is only a portion of our Country, and our Legislation should not, and need not, be broken down any further.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

No. Absolutely not. Australian Laws cover all Australians.

By breaking this type of Legislation down to States, the National Laws will be weakened, and there will be more opportunities for groups, with the aim of changing our current values and way of life, to infiltrate a level of Government by "the back door" so to speak. We are a country - keep Legislation about our people in the Countries Legislation and Law.
