Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Absolutely not, what we do have a racket to protect politicians and the wealthy and their money, there is no justice for Queensland's it's a bloody joke but not a funny one

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, at least that way parasite insurance companies may not be able to just tell motor bike riders when they have been cleaned up in a hit and run and then spent days on life support in intensive care, that they just simply fell off doing 40kmh on a suburban back street and this is why your spine is smashed in 5 places, all your ribs are all smashed, your collar bone is snapped, your toe is ripped from your foot, you have brain damage and 2 collapsed lungs, this is all because you just simply fell off. maybe it will stop this type of treatment that I have experienced first hand, because I had nobody to sue I just got chewed up and spat out onto the street.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

My experience of the above, harassment from police because I had a ticket destroyed by the senior Sargent of police in Townsville back in the early 80's after I was handed a ticket for baldy tires 30mins after having new tyres fitted at Bob Mullers tires inham Road Townsville
