Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No human rights are not protected. Not as long as our government is corrupt and the corporations and wealthy individuals who pay them off with "donations".

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes I do support the introduction of the act. The greed of the upper class and wealthy knows no bounds and has no use for the middle and lower classes to have human rights.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Plenty, farmers human rights to be able to stop CSG and mining companies from destroying their land and livelihoods. Terminally ill patients who deserve the human right to die with dignity on their own terms. Terminally ill patients who turn to Cannabis for a cure or for pain relief /quality of life and those brave people who help them when the ruling class (govt., wealthy, corporations) only offer them poisons and death. Our indigenous people, who still are second rate citizens in this day and age. The poor and homeless people who often don't even have a voice to cry out for help with.
