Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No, because too often government agencies get away with treating people badly eg evicting them from public housing without due regard to their individual needs and circumstances

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes because I think it will help to make agencies more accountable and responsive and less rulebound

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I was arrested for engaging in non-violent, peaceful political process (silently holding up a sign in a public park). I was acquitted of any offence but would like a stronger affirmation that public order laws do not give the police license to arrest people who express political views the police disagree with.
