**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No, especially in cases of aboriginal australians. Proper health care is not available and long term programs arent available in rural areas. There is also a lack of coherent education standards across the state.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes, because it will give a standard to adhere to for education, housing, food and healthcare for underprivileged and rural queenslanders.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

Living in cairns i see multiple cases every day, of disadvantaged and underprivileged people every day who could benefit from a human rights act. Rural towns, schools and hospitals should be held at the same standard as urban hubs.
