**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No. My feeling is that you can only have your rights protected if you have the money to protect them.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Yes. I feel that today we are swamped by rules and regulations that take away our human dignity and freedom. It's a totally different world to when I was a young adult.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

My husband was injured in a Qld hospital and while I was told by a doctor that the hospital caused the injury he later retracted that statement and ever since we have struggled financially, emotionally and physically. We were told by a lawyer that we didn't stand a chance of compensation. Where are our rights in all of this?
