Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

They are not. The previous LNP government create VLAD, which is an odious piece of legislation that criminalises freedom of association amongst other things. We cannot allow the next LNP government do anything of this sort again.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Absolutely. Unfortunately with a unicameral parliament it is only of limited value. It needs to be locked in by reappointing a legislative assembly.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

As a cyclist I'm part of the "out" group that are often victimised on the road. And the police are not interested in defending our safety. Such an act might have provisions that would help. And then there is the VLAD act.
