**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

No, after the Newman govt it is painfully apparent that anyone on a motorcycle or tattoos were marginalised. Then legislation followed to give the police the power to harass many citizens whether olmc or not.. I was told by a police officer that I had to produce my id while walking up the street to a rally. When I informed him I do not have to produce my id he lied and said by law I had to. This was when the Newman govt was in power and after the premier had told the police to go hard or go home.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

Absolutely I do! Because the Newman government proved that an elected government does not work in the best interests of all the states citizens. We were to scared to get on a Harley Davidson due to the ongoing harassment of the public.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

Yes, when the federal minister up North was riding at the head of his wives funeral procession, under the Newman government they stopped this federal state ministers wife's funeral procession due to the Harley's riding a head of the horse. The police harassed this funeral of an elderly lady because of harley Davidson not because of outlaw bikers being involved. The police took the federal ministers ph off him after they pulled these ppl up. If a federal minister has no protection what protection foes the common citizen have.
