**Q5: Do you think that human rights are properly protected in Queensland? Why/why not?**

it is fair to state that the topic of human rights is not welcomed with as much enthusiasm as that of nuclear power or work rights.

**Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?**

I believe that this will officialise things in terms of the actual rights being sought here in that human rights sphere.

**Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?**

being a non-white, i experience countless of those, at work, or in certain positions in the society. This will therefore be a crucial step forward bettering those who are seeking a protection from daily discrimination
