Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. I can't see my hells angels and joker buddies for fear of prosecution. I cant buy my medication from a chemist, I have to see a dealer and risk prosecution, or not take it and risk death.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes. I believe governments and business need to take more responsibility for dangerous actions, I also believe people can be dumb. This should help put a clear line in the sand.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I am fighting for the right to use medicinal cannabis. A last resort treatment that has given me much pain relief and controlled previously unmanageable seizures.

This is a basic human right that I have to fight the state for.
