Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. Because we lack the legislation to do so.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes. It is necessary, especially in relation to free speech and association.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I have lived under Apartheid where as a newspaper reporter we were forbidden to tell the truth about what was happening in the country (free speech). The same situation now exists in Australia where anyone employed on Nauru or Manus Island is forbidden to tell the public the truth about conditions in the detention centres Australia runs there. This and other measures the government has put in place to keep us ignorant of the human rights abuses being perpetrated in our name on Manus and Nauru are a prevention of the right to free speech and freedom of information
