Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Our human rights are not truly safeguarded until they are legally protected and until perceived violations of those human rights can be challenged according to such laws.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, absolutely. For the above reason. Something as fundamentally important as human rights requires the full force of law behind it.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Marriage equality is the first thing that comes to mind. I hope that a human rights act would assist in the protection of LGBT couples' rights to legally marry the person they love.
