Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Human rights are not properly protected in Queensland, because there are many grey areas that exist. For example, specific legislation that overrides human rights.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

I support a Human Rights Act in Queensland, so long as it is truly adhered to and not ignored because of various legislation. This needs to be investigated further.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

Yes, my own. Involved in a personal family case where injustice was very evident by the perpetrators who lied under oath, but did because they could.
