Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. In terms of medicines there is coercion ie. Can't attend kindy now.

In terms of medical tyranny queenslanders are jailed for using medicinal cannabis which heals... there is no choice and young children are dying from pharmaceuticals. We have a right to a healing plant.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

yes. If it delivers the above outcomes.

We need to move away from a police state.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

when our friend who was 12 died last year from an epileptic fit lasting 12 hours.

If she had a basic human right to use cannabis oil she would be alive today.
