Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. This should be legislated, and should not simply be assumed. Both sides of government have dropped the ball on this, over an extended period of time.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, I whole heartedly support it. See above.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

As a physiotherapist working in public, you often encounter those with less. Those less fortunate, with less money, less social support, and less education.

Having the most basic of our human rights placed in a benchmark under legislation is absolute must. This should not be a topic for debate. This is an easy, easy decision.
