Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No I don't. We are pressured to do things to fit into society. The people who can't or don't want to are judged and looked down on. As humans we have the right to live happy and healthy, or do we? Large companies are not forced to recycle and employ locals and that is affecting our life as Queenslanders and our environment.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, for many reasons it would take me to long to explain.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I can not even take herbal medicine to the school for my daughter because it doesn't have a script from a Dr. I bet the huge pharmaceutical are loving that!
