Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No. I'm personally saddened by the lack of LGBTI+ support. I can't believe we're still living in a society that tries to enforce a one man/one woman model of marriage, when it's been proven there are so many people who don't fit into that box.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes. Citizens need more help, more support, more protection. Only good things can come of having our rights protected by law.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

I've been publicly abused over my sexuality and gender presentation. If the law made clear this was unacceptable by protecting my basic rights, I think social attitudes would change. The people in power need to be leading this change and setting an example for the rest.
