Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No I do not. We have seen many times over in the past years that when the people have spoken out against the government or big companies they are ignored to the point that their very ability to live is put in danger.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes I do. Every person should have legal rights enshrined in the law to protect themselves.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

You only need to look at the problems farmers all over Queensland are having with CSG companies and coal mining companies to understand how important a human rights act would be.
