Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

No, because we don't have a human rights written legislation. This means the government can make laws e.g. bikie laws and not have to explain why they have made such laws. If there was legislation it would not stop the government but force them to explain why they have ignored the legislation.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Yes, Human Rights are rights that everyone deserves and since Australia does not have human rights act in our constitution we need Human Rights Act at the state and Territorial levels.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

The bringing on of "Anit-Bikie" laws. The right to freedom of association has been infringed on. The rise of Terrorism means that in a state of crisis laws are often passed through in haste and not thought of the impact they will have on society in the long run. If Queensland had a Human Rights Act it would force the government to stop and check if the new laws are inline with the Human Rights Act.
