Q5: Do you think that human rights are properly protected in Queensland? Why/why not?

Unless they are spelt out in a specific bill of rights or similar format, they get lost amongst legislation. A lot of legislation says what limitations we have but not what rights.

Q6: Do you support the introduction of a Human Rights Act in Queensland? Why/why not?

Absolutely so that human rights are clearly defined in one prominent place and given the status they deserve.

Q7: Can you think of a situation from your life or someone else's life that shows why Queensland needs a Human Rights Act?

We are in a time of conflict over human rights with extreme religious groups, for example, abortion, gay marriage, etc. We must enshrine these as rights to help stop the hatred and bullying once and for all.
